- Vels University Pallavaram

CERTIFICATION

1. Java course completion in IBM skills
2. RDBMS course completion in IBM skills
3. Frontend engineering courses completion in great learning

PROFILE

A motivated and dedicated Bachelor of Technology (Information Technology) student at Vel Tech University, seeking an internship in the software field. Eager to gain hands-on experience in software development, with strong skills in programming, problem-solving, and learning new technologies. Passionate about innovation and teamwork in building efficient software solutions.

CO-CIRCULAR ACTIVITY

- **Hackathon Participation:** Developed innovative solutions under time constraints at my college.
- **Workshops and Skill Development:** Attended technical and non-technical workshops at MGR College, improving skills in software development and communication.
- **Coding Competitions:** Participated in Techfest coding competition at SRM Institute, exploring new technologies.
- **Hands-on Experience:** Gained practical experience and applied knowledge to real-world projects, fostering continuous learning.

INTERNSHIP

- Worked at **Elintsys Technologies** India .Pvt .Ltd on **full-stack development** for the **Renault Nissan** client, including the AutoSpec Exterior Detection project.
- Gained a hand on experience in React.js, Java Spring Boot, MySQL, Hardware networking and AI & ML.

PROJECT

NFT MARKETPLACE APPLICATION

- Developed an NFT marketplace project using blockchain technology and Solidity for secure transactions.
- Built a full-stack application with HTML, CSS, and JavaScript for the frontend and Node.js for the backend.
- Integrated a database for efficient data management and used Python for additional functionality.

SOFT SKILLS

1. Communication: Effective communication to facilitate collaboration and understanding

2. Teamwork: Strong team player with a history of successful group contributions

3. Adaptability: Quick to adjust and thrive in changing environments. lving complex issues.
